

PAA 2003 CALL FOR PAPERS
POPULATION ASSOCIATION OF AMERICA 2003 ANNUAL MEETING
Minneapolis, Minnesota, May 1-3, 2003
Deadline for Submission: October 1, 2002

INSTRUCTIONS FOR SUBMITTING A PAPER:

1. All presenters, discussants, chairs and session organizers must be members of the Population Association of America. If you are not a member, please visit the website, <http://www.popassoc.org> for a membership application form or contact the PAA office, 301-565-6710.
2. At a minimum, all authors must post extended abstracts online (at the PAA 2003 Program Website, <http://paa2003.princeton.edu> . In addition, authors should send completed papers to the session organizer either by standard mail or PDF versions by e-mail. The PAA 2003 Program website will allow session organizers to view the titles and authors of submitted abstracts as they are received online. The first author must provide the full names, affiliations, addresses, phone numbers, fax numbers and e-mail addresses of all co-authors for each submission. Authors may modify their submission online at any time until October 1.
3. Submitted abstracts must be sufficiently detailed to allow the session organizer to judge the merits of the paper (several thousand words can be posted at the PAA 2003 Program Website, but abstracts of 500-1000 words are expected). An abstract should include a description of the topic to be studied, the theoretical focus, the data and research methods, and the expected findings. Organizers will also review completed papers sent to them (via mail or e-mail) for supplementary information more appropriately included in the completed paper, tables or figures.
4. As in the past, all sessions are numbered. If you wish to have your abstract considered by two organizers, you must indicate the session numbers of your first and second choices on the Submission Form. This gives the first designated organizer first right of acceptance. No paper/abstract may be submitted to more than two sessions. **No participant may appear on the program more than twice.**
5. If no session is appropriate for your paper, you may either submit it as a poster to Session 1302 (see Instructions for Submitting a Poster below) or submit the abstract directly to the Program Committee Co-Chair, S. Philip Morgan, at Session 1301. Papers submitted to specific session organizers or as posters will have a much higher priority for inclusion on the program than those submitted to Session 1301.

INSTRUCTIONS FOR SUBMITTING POSTERS:

1. Members are encouraged to submit ideas for posters. All of the above instructions for paper/abstract submissions also apply for poster submissions. Authors who wish to submit their papers for consideration only for a poster session should submit their abstract to the Program Committee Co-Chair, Christine Bachrach, at Session 1302.
2. Authors who are submitting a paper to one or more regular sessions may also have their paper considered for a poster session if it is not accepted in a regular session. Authors who want their papers considered for a poster session must check "yes" in the appropriate area of the online Submission Form. *Not checking yes will be interpreted as NOT wanting your paper considered for a poster.*

IMPORTANT DATES

October 1, 2002	Deadline for submitting papers or abstracts to organizers
November 15, 2002	Session organizers notify authors of accepted papers and forward promising papers to Program Committee Co-Chairs
December 15, 2002	Author notification for abstracts or papers accepted in overflow regular sessions or poster sessions
February 17, 2003	Final date to make online revisions to abstracts of accepted papers
